Message

Proposed Atlantic Pipeline. I urge you to take whatever steps you can as governor of our state to protect our air, water, beautiful coastline, and communities from this pipeline and any others that would pollute and endanger our environment and the health of our people. Our whole family, including three young grandchildren then, enjoyed a marvelous vacation from Kitty Hawk to the Outer Banks and I want the new addition to the family to have the same opportunity. Let's stop dirty fracked gas pipelines from ruining our treasure coast.
